### ***What is Circular Innovation Lab ?***

Circular Innovation Lab is a danish think tank focused on connecting, collaborating and creating exciting circular economy solutions, with emerging stakeholders, to accelerate the transition towards a circular economy. Our founders are former experts from the United Nations and the Ellen MacArthur Foundation, who have the vision of spreading the circular economy movement, through our circular economy solutions

We are experts in developing strategies to implement circular economy-based solutions and offer consulting, training, tools and technical assistance for governments, businesses and cities. We believe in an interdisciplinary approach in addressing the challenges that exist when it comes to implementation and scale up of the circular economy. We have specific expertise in National Circular Economy Roadmaps, plastics, textiles, agriculture, vehicle manufacturing, cement, electronics, material efficiency, circular economy and climate change.

### ***At the internship you will have the chance to work on the following projects :***

- 1 . Make a Social media strategy for Circular Innovation Lab;
- 2 . Handle Instagram and LinkedIn;
- 3 . Collaborate with the whole team to set up a marketing and communications system for the think tank;
- 4 . You will be exposed to our global circular economy projects for more information look at
- 5 . Chance to work on World Circular Economy Forum Side Events

***We expect you to :***

- 1 . Be well versed in English
- 2 . Have a lot of interest and experience in circular economy and sustainable development
- 3 . Follow circular economy related developments globally
- 4 . Be diligent and passionate about circular economy
