Sonas Technical require experienced **Electrical Construction Managers** for projects in **Denmark** for one of our close clients. Our client are a multi-disciplined M&E contractor with projects throughout Ireland & Mainland Europe. They offer a full build contracting service and are experts in mechanical, electrical and instrumentation solutions across sectors such as Pharmaceutical, Data Centres, Commercial, Oil, Gas, Petrochemical, Power & Energy and Water industries. Through close collaboration, we have placed numerous personnel over the years.

Role/Requirements

- Coordinate electrical design, work with consultants and subcontractors and Participate in design reviews

- 8+ years' site Construction Management experience within the Commercial sector essential
- Ensuring Company H&S policies are promoted and enforced on site
- Day-to-day management of the site, including supervising and monitoring the site labour force and the work of any specialist subcontractors
- Assist the Project Manager with the planning, development and enforcement of programme works
- Management & coordination of appointed subcontractors
- Keeping the project stakeholders informed of progress, cost and any other relevant issues.
- Manage safety and quality aspects of the project in accordance with company procedures
- Liaising with Quality Control and Safety on Site
- Liaising with any consultants, subcontractors, supervisors, planners, quantity surveyors and the general workforce involved in the project
