Company: RBW Consulting LLP

Location: Denmark

Category: other-general

RBW Consulting are delighted to be partnered with one of the worlds leading organisations that focus solely on Medical Device studies to support them on a Cardiovascular device study in Denmark kicking off in May/June time. RBW have worked with this organisation for over a year now and the feedback from multiple contractors we have placed there has been that this one of the best companies to work for in the industry as a contractor as you feel valued just as much as the permanent staff.

You:

Previous Medical Device monitoring experience is essential

Cardiovascular/Cardiology study monitoring is desired, ideally within the device field

Up to date knowledge of MDR

The contract:

0.3 FTE

100-115 p/h DOE

5 year study

Please apply here and Harry Henson will be in touch to discuss your application further!
