

Gottlieb Paludan Architects is looking for interns for the autumn of 2024

[Apply Now](#)

Company: AFRY

Location: Copenhagen

Category: other-general

Job Description

Do you want to be involved in shaping some of society's basic functions and are you interested in experiencing everyday life in a large design studio? If so, interning at Gottlieb Paludan Architects in the autumn of 2024 might be the perfect opportunity for you.

Our design studio is located in Nordhavn, where we have 110 employees working with architecture, landscape, and planning within our core areas of Mobility, Energy, Water & Industry.

We undertake projects of all scales in Denmark, the Nordic region, and the rest of Europe. Our portfolio includes designs for stations, public spaces, climate landscapes, bridges, energy facilities, and commercial buildings.

We focus on connecting people and cities and our motto is: Together we create cohesion. Since 2018, we have been part of the AFRY Group, an international design and engineering company specialising in energy, industry and infrastructure.

INTERNSHIP

At Gottlieb Paludan Architects, we view interns as a valuable and essential part of the company, and the internship period is your opportunity to enhance and professionalize yourself within your field. Therefore, we ensure to tailor a program that suits your needs. You will be assigned a mentor who will guide you throughout the internship and ensure a qualified experience. Your mentor will challenge your skills and prepare you for a professional

career in the construction industry. Your tasks will involve high professionalism, close collaboration, variety, and responsibility.

Qualifications

We are looking for individuals who:

Are studying construction, engineering, building design, lighting design, landscape architecture or architecture

Have knowledge of SketchUp, Revit, AutoCAD and the Adobe suite

Are independent, curious and proactive

WHAT WE OFFER

Close collaboration with experienced colleagues in project teams

Individually tailored internship programme

Comprehensive insight into the different phases of the profession

A strong community with professional and social events

Additional Information

In compliance with the Personal Data Act, we do not accept applications by email. Therefore, it is important that you apply through the link at the bottom of the advert. All enquiries will be handled confidentially, and applications will be processed continuously.

If you have questions about the job, please contact Chief Operating Officer Clement Maali at
