

## Infrastructure and Transportation

[Apply Now](#)

Company: COWI

Location: Ringsted

Category: life-physical-and-social-science

**Are you passionate about engineering within the field of infrastructure and transportation? Do you have desire to work in an international consultancy? Regardless of your seniority level we would be thrilled to hear from you!**

### **JOIN OUR INFRASTRUCTURE AND TRANSPORTATION DIVISION**

COWI's Business Unit for Infrastructure and Transportation consists of more than dedicated staff members located in all of COWI's offices in Denmark. There is a growing demand for more sustainable infrastructure and transport. In addition, customers request new materials, designs, and digital solutions to the benefit of the end users; sometimes by building less, but better.

Together with our customers, we deliver infrastructure solutions at all levels of scale and complexity. Due to the nature of our projects within infrastructure and transportation we are dedicated participants in multidisciplinary project teams and combine sustainable, environmental friendly and economic solutions, GIS, BIM and engineering services in all of our projects.

### **OUR MAIN SERVICES ARE WITHIN THE FOLLOWING FIELDS**

Bridges

Civil and geo-technical engineering

Railways

Metros

Light rails

Urban and rural roads

Highways

Airports

Utility Rights and surveying

Digitalisation and technology

## **WE ARE VERY OFTEN LOOKING FOR NEW COLLEAGUES**

There are a couple of role profiles of our Engineers in Infrastructure and Transportation that we need continuously as we expand our business. For these roles we have a steady need for candidates with the below background/ experience - and being client advisors is an extra bonus to us.

Structural Engineers

Bridge Engineers and Designers

Geotechnical Engineers

Railway Engineers

BIM Coordinators

Road Engineers

Electrical Engineers

Landscape architects

Highway Engineers

Technical leads

Senior Project Managers and Specialists within all fields mentioned above
