How to contribute to our vision

As our new working student, you will be a part of an international team in the Turbine Measurement Installation Department, where teamplay matters.

You will be interacting with a lot of the team, who come from around the world. The communication will be in English.

Your responsibilities will consist of:

Improve our processes - Implement SAP at the next level in our area

Make sure all our equipment is updated

Supporting in making POs

Follow up on ongoing POs

What you need to make a difference

Passion for renewable energy and a sense for the importance to lead the change. We are looking for someone who is currently enrolled at the university doing their Bachelor's, the type of academic degree is irrelevant, as long as you want to learn and want to be a part of our team. To be successful in this role, you need/are:

Working knowledge using Microsoft Office

Great English skills both written and spoken

Knowledge using SAP is not a must have, but it is an advantage

Beware, we are looking for a student, who can come in to the office 1-3 times a week in Brande.

Most importantly, you challenge yourself and your colleagues to achieve the best results. You have a high professional competency, and you have a desire to develop your skills. You have good collaboration skills, and you can manage to act in different cultural contexts. To thrive in this position, you must have a strong result- and customer-oriented approach.

In return of your commitment, we offer you…

To become a part of our mission for sustainability: clean energy for generations to come. We are a global team of diverse colleagues who share a passion for renewable energy and have a culture of trust and empowerment to make our own ideas a reality. We focus on personal and professional development to grow internally within our organization. Siemens Gamesa offers a wide variety of benefits such as flexible working hours as well as home-office possibility for many colleagues, employer-funded pension, attractive remuneration package (fixed/variable) and local benefits such as subsidized lunch, employee discounts and much more.

Empowering our people

How do you imagine the future?

Our global team is on the front line of tackling the climate crisis, reducing carbon emissions – the greatest challenge we face.
