[Apply Now](#)

Company: BW Epic Kosan Ltd

Location: Denmark

Category: other-general

Job Description

Responsible for maintaining and implementing the vetting standards on board fleet vessels with sound knowledge of SIRE 2.0 requirements.

Organises and contributes in the accurate preparation of vetting inspections according to procedures and standards and reviews that all relevant documentation is timely prepared and forwarded for approval, in order to enable the execution of the inspection.

Liaises with all relevant parties for the development of vetting inspection plans and coordinates with the Inspection Bodies that are responsible for conducting the inspections for their travelling arrangements.

Has a core function to verify at an early stage of preparation of any planned SIRE / Non-SIRE / CDI inspections, for any needs of spares or any other essential equipment and ensure that the same is resolved. Escalate any noncompliance/s to the Fleet Manager Vetting.

Identify areas for improvement using an approach of Equipment/Procedure/Human Factor and verify the implementation of any past/ proposed corrective and preventive actions in coordination with Fleet Manager Vetting.

Monitor, collate, analyze key performance indicators that reflect company's performance on vetting (SIRE, CDI, non-SIRE and terminal) matters.

Assist with post incident management and close-out of any incidents with relevant parties to ensure minimum commercial disruption as required by the Fleet Manager Vetting.

Attend vessels as required by the Fleet manager Vetting.

Prepare training materials in co-ordination with the Learning & Development team to

disseminate and train our seafarers particularly with regards to SIRE 2.0 requirements.
Framing and executing Vetting bulletins and alerts on board vessels and in the office.
